INTERNATIONAL SOLIDARITY-WEEK WITH THE ANARCHIST PRISONER AMADEU CASELLAS IN HUNGERSTRIKE SINCE 23rd OF JUNE 2008

More than 60 days is Amadeu Casellas in hungerstrike now.

Not the judge, nor the General Direction, no one
politician...are doing anything to find a solution for his
situation!

We make a call for this week to all solidarity people to go
out and show your anger against the torture which suffer the
prisoners of this system diary.

We have to do an act of force to reactivate the struggle,
because the situation of our compañero becomes more and
more delicate. The guilties are clear: Political parties in
power, inhuman judges, banks - the real robbers -, companies
which earn money through prisoners, representators of the state in other countries, complices in silence...
