Asesinato colateral: Un vídeo muestra cómo el Ejército de EEUU mata a un fotógrafo de Reuters

On the morning of July 12th 2007, two Apache helicopters using 30mm cannon fire killed about a dozen people in the Iraqi suburb of New Baghdad.

Two children were also wounded.

Although some of the men appear to have been armed, the behavior of nearly everyone was relaxed.

The U.S. military initially claimed that all the dead were "anti-Iraqi forces" or "insurgents".
